

# Zip-Clip® Roof Tile Clips

## UNIVERSAL WIND CLIPS

BATTEN CLIP

DECK CLIP

EASY  
INSTALLATION

WEATHER  
RESISTANT

SAVE  
TIME & MONEY

- Easy to install
- Adjustable, corrosion-proof glass reinforced polymer tile clip
- Batten Clips pre-assembled with 304 stainless steel nails
- No sharp edges make these clips better to handle and install
- Latest technology in securing tile roofs in high wind regions
- Successfully tested up to 134 mph

## FEATURES AND BENEFITS

### Easy Installation

Zip-Clip® roof tile clips are ergonomically designed with no sharp edges for more pleasant handling and easier installation.

### Save Time and Money

While quick and simple to install, Zip-Clip® roof tile clips are less expensive than stainless steel clips and just a few sizes of clips fit many different tile profiles.

### Weather Protection

Successfully tested Batten Clips to withstand up to 134 mph wind speed. Made of durable, reinforced plastic that won't rust or corrode. For corrosive coastal environments it is recommended to fasten the clips with stainless steel nails or screws for best corrosion protection.

## DECK CLIP SIZES

	Tile Profile	Direct to Deck (No Battens)	Standard or Elevated Batten System®
CONCRETE TILE	Saxony®	Short	Medium
	Villa	Medium	Medium
	Barcelona, España, Mission "S", Tejas España	Medium	Tall
CLAY TILE	1-Piece "S" Tile	Medium	Tall
	ClayLite®	NA	Medium
	ClayMax®	NA	Medium

**NOTE:** Cedarlite® 600 and Madera profiles are not approved for high wind installations.  
**Fastener not included with Deck Clips.**

## BATTEN CLIP INSTALLATION

Fasten into the batten of the lower course using the pre-installed nail to hold the field tiles when installed on Elevated Batten System® or counter batten system.

Position clip at 10° angle away from tile edge

Hammer nail into batten

Swivel clip into position over tile and press firmly down to water course of tile

# DECK CLIP INSTALLATION

Fasten to the roof deck with nails or screws to secure eave tiles and field tiles.

Tall clip on the high profile Newpoint™ Concrete Tile

Medium clip on the low profile Newpoint™ Concrete Tile

Tall Clip Direct Deck Installations on US Tile® Clay “S” Tile

## SPECIFICATIONS

**Pieces per Box** 500

## PART NUMBERS

- 91651** Zip-Clip® Batten Clip with Stainless Steel Nail
- 91881** Zip-Clip® Deck Clip Medium
- 91882** Zip-Clip® Deck Clip Tall
- 92760** Zip-Clip® Deck Clip Short

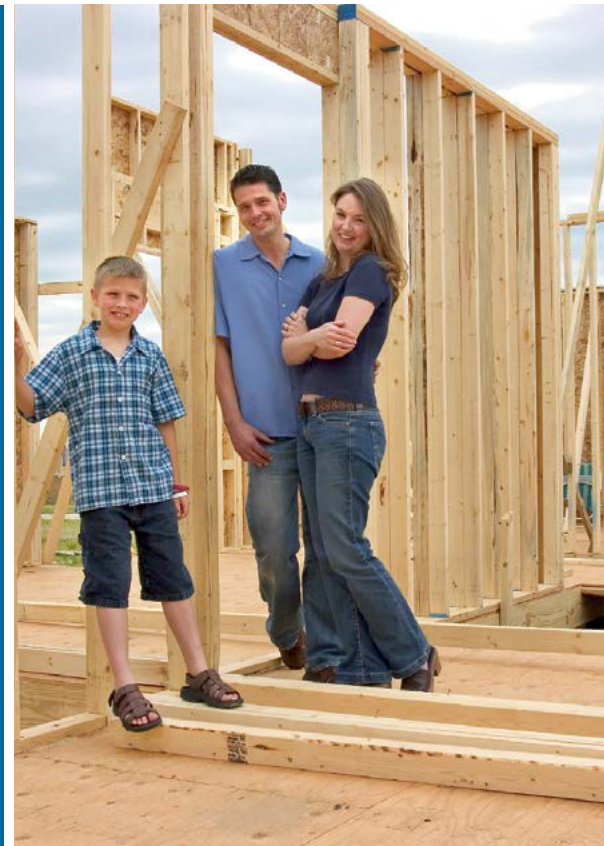

### ABOUT WESTLAKE ROYAL ROOFING SOLUTIONS™

Westlake Royal Roofing Solutions™ is the combination of DaVinci® Roofscapes and the former Boral North America roofing product lines. The company is a recognized, national leader in durable and sustainable clay, composite, concrete, and steel roof systems and components. The company's offerings include US Tile® products, a legacy line of premium, stunning clay tile solutions manufactured to the highest standard of sustainability and craftsmanship: DaVinci® Roofscapes, beautiful and durable composite slate and shake roofing tiles; Newpoint® Concrete Tile Roofing, the enduring line of concrete tile known for its superior strength, Class A fire rating and long-lasting beauty; Unified Steel® Stone Coated Roofing, the ultra-lightweight roofing system which benefits from the structural strength of steel; and Westlake Royal® Roofing Components, a full line of integrated roof components designed to deliver a higher standard of roof installation and performance.
